EXPERIENCE

Freelance Graphic Designer, Django India	NOVEMBER 2024
Conceptualized and designed custom merchandise, including official t-shirts, aligning with the brand's identity and team culture. Managed end-to-end design delivery, ensuring high-quality vector graphics ready for textile printing.	
Technologies Used: Adobe Illustrator, Procreate	
Graphic Design Intern, Valdavi (Graspers E-Learning Solutions)	JUNE 2024 - AUGUST 2024
Developed visual assets and educational graphics to enhance user engagement across digital e-learning platforms.	
Technologies Used: Adobe Illustrator, Adobe Photoshop	

ACADEMIC EXPOSURE

Industry Visit : Cotton King, Purple Creation, Peppermint (Baramati)
Exposure to apparel production, quality control, and supply chain processes.
Craft Research , Documentation , Jaipur
Undertook in-depth field research, artisan interaction, khaka development, hands-on embroidery practice, process documentation, and collection development based on traditional Gota Patti craftsmanship.
Embroidery: Gota Patti(Research and Craft Documentation), Mukaish, Chikankari, Zardozi
Field visits to artisan clusters to study traditional embroidery techniques, materials, motifs, and production processes through direct interaction and observation.
Handlooms: Banarasi, Khan, Paithani
Field visits to handloom clusters to learn weaving techniques, loom operations, textile traditions, and artisan practices through direct observation and interaction.
Printing: Sangneri Block Printing
Visited traditional Sangneri block printing units and interacted with artisans to study the complete printing process, including block carving, dye preparation, fabric printing techniques, motif development, and finishing processes. Gained hands-on knowledge through observation and practical exposure.
